

COURSE POLICIES

1. ATTENDANCE

It can happen that one misses a lecture for various reasons. In general I do not take attendance but I expect you to come to the lectures. Do not disrupt the class if you are late.

2. ABSENCES

I will give makeup tests and makeup homework **only** for absences that are related to **a) Approved Institutional Activities, b) Absences because of an illness (a Doctor's note or a note from a health care facility is required), c) for civic duties such as jury duty.**

3. HONOR CODE

You will abide by the Georgia Tech's honor code at all times. For more information go to the site <https://policylibrary.gatech.edu/student-affairs/academic-honor-code>

4. HOMEWORK

It is clear that most of the solutions to any kind of textbook problem can be found on the web. I urge you to do the problems yourself as much as possible. Discussing difficulties with your colleagues is often helpful, but copying is not. Let me add that some of the homework problems, slighted changed, might show up on the test and final exam. I will give little if at all partial credit for such problems.

5. HELP WITH DISABILITIES

For any help with disabilities please go to <http://disabilityservices.gatech.edu>
